Study Programmes are a range of courses for 16-18 year olds that enable them to develop their personal, social and employability skills, whilst in an environment that suits their way of learning. The course allows the young person to gain some real life work experience with an employer to increase their chances of gaining employment, further training or an Apprenticeship in their chosen area.

The programmes will give the learners the support and guidance to develop their skills in a friendly environment, whilst gaining qualifications in their area of interest, as well as in maths and English.

Course Information

Courses range from entry level to level 2 and you can work towards a Diploma, Certificate or Award depending on your starting point and duration with us. This can be up to one academic year.

All courses involve:

- Real life work placement provided by L&S
- Support to improve maths and English skills
- Free meals
- Free bus travel with Arriva
- Bursaries may be available - please speak to L&S

Personal Development

This course helps with developing personal skills and strengths in order to move on to your chosen destination. Confidence building, team work and understanding the world of work all play a part on the Study Programme. Good, quality, impartial careers advice is included with your programme and all vocational units are moulded around each learner depending on their needs and levels.

In 2020-2021, 74 % of our learners improved their personal development, including self-confidence and working with others during last year's programme, and 90% moved on to a positive destination in employment or further education.

Employability

This course aims to provide you with the skills and knowledge you require to gain employment. It will cover all aspects of the job search and application process. You will also develop ICT skills, interview skills, communication skills, writing a CV and top tips for passing an interview.
